Objective

Electronics and Communication Engineering student with basic knowledge of core subjects and project experience. Good at problem-solving and logical thinking. Eager to learn new technologies and work in a team.

Education

R.M.K. Engineering College <i>B.E. Electronics and Communication Engineering</i> <i>CGPA: 8.31</i>	2023 – Present
Government Higher Secondary School, Iruppu <i>12th Grade: 87.83%</i>	2022 – 2023
Government High School, Kotteri <i>10th Grade: 100%</i>	2020 – 2021

Internship

SD Pro Solutions Pvt. Ltd. <i>Embedded Systems Intern</i> - Completed hands-on training in Embedded Systems. - Gained practical exposure to embedded hardware and basic system-level concepts.	Jun 2025 – Jul 2025
System Tron <i>Java Programming Intern</i> - Learned core Java concepts including OOP principles. - Developed basic Java programs to strengthen problem-solving skills.	Jun 2024 – Jul 2024

Projects

Line Following Robot 2023–2024 <i>Arduino Sensors Motors</i> Designed a robot that follows a predefined path using sensors to detect and guide movement automatically. Implemented control logic to enable autonomous navigation.
AI-Based Traffic Management System 2025–2026 <i>Raspberry Pi Camera Edge AI</i> - Monitored traffic using Raspberry Pi Camera and collected real-time vehicle data at junctions.. - Used edge AI on Raspberry Pi to analyze congestion and automatically adjust traffic signals and timings accordingly.

Skills

Programming: Java (Intermediate), C (Intermediate), C++ (Intermediate)
Hardware: ESP32, Arduino IDE, IoT Sensors, Raspberry Pi
Soft Skills: Teamwork, Leadership, Problem Solving

Languages Known

- English (Intermediate)
- Tamil (Fluent)

Certifications

- Artificial Intelligence Foundation Certification - Infosys
- Java Programming Fundamentals - Infosys
- Programming Using C++ - Infosys
- Soft Skill Development – NPTEL (Elite)
- Industrial Robotics: Theories for Implementation - NPTEL
